

Hello There! Welcome to August's opportunities!

Thanks for offering to help. As promised, we said we would send out this month's projects for you to **jump on board and get involved!**

We've had a busy month, visiting parks and open spaces, talking to the young people we meet about the programme and offering the opportunity to join in. We have been asking about how young people are managing the changes that have come about because of the Covid-19 pandemic.

1 5 Minute Check in Champ

Young people in Kirklees have been doing great in managing the Covid-19 pandemic, but the virus hasn't gone!

Were scratching our heads, because some young people aren't following 'the rules'. Why do you think that might be?

Answer our [quick question](#)

A big thanks to the young people who helped us with the [digital survey](#). The key messages are helping us develop a communication plan.

Well done **Josh**, for winning the prize!

2 A Couple of Hours Hero

We are trying to build our team!

We know that young people are more likely to follow you, than us. To increase our groups and get cracking on community projects that make a difference, can you ask 3 friends to [subscribe here](#)

3 An All-Out Advisor

We need a team of digital wizards/ generally tech savvy super stars, or valiant vloggers to help develop content and run our Socials. After all, we know young people would be far better at it than we ever will be!

So, to start creating content [here](#)

This month we supported the [recruitment panel](#) for a new Service Director. The young people were great. We are excited about the future and working together.

We completed the first stage of the '[local offer](#)' [engagement](#), asking young people who have experiences of Special Educational Needs and or Disabilities (SEND) about what information should be on the updated website. [We'd love young people to help us develop this further](#). Would you meet with us online, by phone or using a tool that suits you, to help out? We'd like you to give us your opinion and tell us 'your story' If so, text us on 07814791744 to join in.

We have a webpage here: <https://www.kirkleessafeguardingchildren.co.uk/young-peoples-voice/>
